

Second Grade is SWEET

Congratulations!

You are officially a second grader! You accomplished great things this year. I hope you have a relaxing and FUN summer break!

Keep Reading

You do not have any official summer work, but I want you to keep reading! There are so many ways to read. You can read alone, or with a parent or sibling. Maybe you have books at home, or can borrow them from your local library. There are also fun, educational websites you can check out (with the help of a parent) like National Geographic Kids (kidsnationalgeographic.com).

You will need to bring these materials on the first day of school. I will send you an updated list if additional items are needed. A small clerical fee will be collected at the beginning of the year for composition notebooks.
